© Forward Movement Publications

This book and our conversation in Lent and Easter will be an exploration of what 7 Key practices can mean in the context of our life of faith. Join us Wednesday evenings online at 7:30pm starting February 24 for this extraordinary conversation. We will pause the first Wednesday of the month as our own “rest” and also include a special session in Holy Week. Each week our panel will be joined by a special guest from our parish – to hear their own perspective on *The Way*, as well as their experience on what they have found helpful in these months of the pandemic.
